DOWNLOAD... ProgeSoft ProgeCAD has updated ProgeCAD 2019 Pro 20.0.6 to version 20.0.6. This is a full release, packed with bugs fixed and new features added (they are internal changes and not meant to be visible by the user). I admit that there is no exposure of new features. There is still a lack of publicity. Are we getting our concerns taken into account? To be honest there is a lack of effort, commitment and work for a good development, maybe a lack of income. That's my 2 cents. . ProgeSoft rehashed ProgeCAD 2019, but the program still relies on Ms Office and PDF. The UI is ugly and unorganized. The learning curve is too steep. . Should we just stick with ProgeCAD 2018? I don't know. . I expect a lot more from ProgeCAD, but that is just my view. I tried to convince as many users as possible of the problems we experienced, you might have heard me saying this.
